

A Prayer to be used during Maths Week

Dear Lord,

We thank you a **hundredfold** for the love and care you have given us.

May we in return, **multiply** our good works, **adding** more patience and consideration into our deeds and **subtracting** any thoughtless behaviour during the day.

Dividing our talents amongst friends and family and **integrating** our best efforts into our study.

To **sum** it all up, we pray for a good day.

Amen.
